

Friends of Meaford Library Summer Concerts 2024

Concert #3 by The Millpond Project on Sunday, 07 July 2024

This year, The Friends of Meaford Library are pleased to introduce The Millpond Project. The band is a collective of generally 4 local part-time musicians (the name is from the millpond in Massie) who have performed regularly throughout Grey and Bruce counties for several years. They have provided music for a variety of events such as soloists for weddings, as duets for easy listening at vineyards, and as classic rock performers for all sorts of celebrations, including several years as a New Years Eve band.

Band members come from different musical backgrounds and now generally play classical Rock and Folk Rock music with hints of Pop and Blues thrown in. They like to think of themselves as “entertainers” and love to engage their audiences throughout their shows. For this performance, they will entertain as a duet with guitar and bass and harmonizing vocals. They hope everyone who comes out has a wonderful time enjoying Live music!

Thank You for supporting the Friends of Meaford Library.
